

Paula Muter

2021 Joint Spinal Cord Injury & Urology Nurse Conference

Facility/Current Responsibilities

Paula Muter is a Clinical Nurse Specialist at the Urology Spinal Injuries and Neuro-Rehabilitation centre in the Sheffield Teaching Hospitals NHS Foundation Trust. Paula has worked in the spinal Injuries centre for over 25 years in various roles.

Experience

Currently, Paula works within the Urology team providing expertise to a complex group of patients with bladder, bowel and sexual dysfunction issues. She is the transition lead for adolescents who have complex neurourological problems transitioning from the Sheffield Children's Hospital into adult services. Paula helped to set up the Cauda Equina Service. Paula manages nurse led clinics / bladder and bowel management, counselling / sexual dysfunction / rectal irrigation. Paula currently provides a Nurse Led Flexible Cystoscopy & Injection of Botulinum Toxin Service within the Spinal Injuries Outpatient Department. She is at present collecting data to monitor the service in terms of patient satisfaction and efficiency of treatment.

Qualifications

RGN, BA (hons)
